INTRODUCTION

Such works require high professionalism and efficiency in the performance. We are distinguished as Tugcc Group, it's our commitment towards quality and attention to details at all levels enabled us achieve consistently advanced results.

The unique geographic location of the Kingdom of Saudi Arabia made it important for global trade and investment strategic center, help to attract investors and increase economic activity in the country in various fields. The contracting sector is one of the most important economic bases for most countries of the world. Saudi Arabia construction sector contributes directly to drive the growth of the country to move economic activity in many industries and activities associated with it. Also generate a lot of job opportunities according to a report issued by the Council of Saudi Chambers, indicates that the recovery of the construction sector ensures the growth of activity in the development sectors and industries. It means, that the construction sector is the engine of growth in the national economy. The contracting sector in the Kingdom of Saudi Arabia is witnessing rapid growth and increasing in the demand for specialized companies qualified to execute a number of large projects.

ABOUT US

We are a dedicated construction firm committed to excellence and innovation in the building industry. With a team of experienced professionals, we specialize in a diverse range of projects, from residential developments to commercial spaces and infrastructure improvements. Our focus on quality, sustainability, and customer satisfaction drives us to exceed expectations while adhering to the highest standards of safety and craftsmanship. We believe in fostering strong relationships with our clients, partners, and communities, ensuring that each project reflects our core values of integrity and collaboration. Together, we strive to shape environments that enhance quality of life and promote sustainable growth.

VISION & MISSION

Vision

To be recognized as a leader in the contracting industry, known for our integrity, professionalism, and commitment to delivering exceptional results. We aim to contribute to the growth and development of the communities we serve.

Mission

Our mission is to provide top-tier contracting services that meet the diverse needs of our clients while upholding the highest standards of quality, safety, and sustainability. We strive to build lasting relationships based on trust, transparency, and mutual respect.

OUR GOALS

Our goals are to achieve excellence in every project by meeting and exceeding client expectations, fostering innovation and efficiency in construction practices, and promoting sustainable development. We aim to prioritize safety and well-being for our workforce, enhance community engagement through responsible practices, and invest in continuous professional development. Ultimately, our focus is on building long-lasting relationships with clients, stakeholders, and the community while contributing positively to the environment and society.

What Distinguishes Us (Why Tahsin United)

1 15 Years of experience

Since 2008, we have started by a constant struggle and a hectic race to achieve advanced positions in the field of contracting, we have gone through all the stages, we have passed the odds, and we have made it to become a part of our daily life that is indispensable.

2 Pioneers in contracting

It is not easy to take the lead in a large and challenging sector such as the contracting sector and will not pass the intense competition except by excellence. Long experience and high quality with the use of the latest technologies and mechanisms guaranteed for us an advanced leadership position. Our ability to execute projects, no matter how large and high quality, has strengthened our position as one of the important and essential pillars of the constructing sector in the Kingdom.

3 Development and Training

Investing is the most successful investment ever, as well as our principle of selectivity in selecting competencies is based on personal skills such as positive, striving for continuous training and embracing core values such as cooperation and credibility, we build efficiency of our team, the career development was one of their rights, as we were keen to hone their skills and continue to provide a healthy working environment and adopt a policy of motivation, all to ensure their comfort thus to get the maximum productivity and quality as this is what we gain.

4 Innovative and effective solutions

Our research and development team is taking care of this task, the traditional solutions are no longer satisfying our ambitions. Technical and technological methods are in spectacular twist which inspire us to offer solutions and services which satisfy our passion, and therefore, expect to hear what the unexpected, and see what you don't imagine, but you will be definitely happy with it

Our Style

At Tugcc Group, we are eager on the effective manner of human resources, material, financial, informational, ideas and time to develop strategies, objectives, policies, procedures, and general rules to execute any project and coordinate all its resources to achieve the desired goal.

Client Statement

Keeping up with modern technology in all of our activities: The technology is a practical and effective weapon in all fields, our research and development team informs us about the latest technologies and solutions, and they decide the best methods and how to use them and optimize them to achieve the best results for us and our clients.

A low-angle, upward-looking photograph of a modern glass skyscraper. The building's facade is composed of numerous glass panels reflecting the sky and clouds. The perspective creates a sense of height and architectural grandeur.

OUR HUMAN CADRES

From the beginning we realized that our employees are our most precious, and through their dedication and keenness to achieve the principle of high quality in the finest details, they have been the credit of where we are right now, leading the rapidly growing Saudi market. Our selection policy is based on employing qualified technicians from all over the world, and in addition to the highly qualified management team, the technical department consists of engineers who have a solid experience in engineering and construction matters and who seek to support specialized groups of technicians in different fields according to the specific requirements of each project are also our source of pride and glory.

CEO Message

The beginning was just a dream, then it comes true

The beginning was just a dream, then it comes true... thanks to Allah The Almighty always and to the efforts of the loyal employees of Tugcc Group.

We have crossed the odds and achieved successes after success until we reached the fore front of the elite of companies in the kingdom, we did not spare any effort to keep our position in the forefront. The kingdom has accompanied economic development through modern and sophisticated methods that have helped to attract investors and increase the economic activity in the country, so we have been eager to continuously develop to raise the efficiency of the company with the policies and strategic plans we aspire.

Since we started in Tugcc Group to practice our business and reputation grows among our customers as one of the most prominent companies in the kingdom. The quality of performance on all levels and the satisfaction that we feel from our clients are the basis of our success and proud to stand behind it. Our team works in one spirit, each one of them has a strong sense of responsibility and a power to offer the best efforts they can.

Our Experience

Tugcc Group has an extensive experience and reputation from being a company that can complete construction projects of a delicate and complex nature, including electrical and mechanical works.

Tahsin United is one of the leading foreigner companies specializing in the work of contracting in various disciplines, we started strongly based on a strong experience and creative intellectual and powerful human energies. We have achieved an impressive successes and we are still achieving which created our competitive position in the market as one of the main pillars in the construction sector in the kingdom.

Our Quality

The quality factor is confirmed at tugcc group Contracting company, as every employee at tugcc group is eager to stick to the highest quality in each of the company's various activities. The company has executed number of massive projects using the latest international technologies and the highest specifications and requirements in terms of quality, relying on a complete and highly qualified team dedicated to follow the Application of quality standards. The company implements the comprehensive quality system in its implementation of all business.

7	Wheel Loader	16	Grider
8	Excavators	17	Asphalt Finisher
9	Mini excavators		

GENERATOR SERVICE

Maintenance

Generator maintenance is essential to ensure reliable performance, extend the lifespan of the equipment, and prevent unexpected failures. Regular maintenance tasks typically include checking and changing the oil, inspecting fuel levels and filters, testing battery health, examining cooling systems, and ensuring all electrical connections are secure. Additionally, routine load testing should be conducted to verify that the generator operates effectively under varying demands. Keeping detailed maintenance records helps in tracking performance trends and planning future service needs. Prioritizing maintenance not only enhances efficiency but also ensures safety and compliance with regulations.

GCC

GCC country Such Saudi Arabia and UAE

Sales

Our generator sales division aims to provide reliable, high-performance power solutions that meet the diverse needs of our clients. We offer a wide range of generators, from portable units for residential use to robust industrial models for commercial applications, all backed by exceptional customer service and support. Our focus is on quality, efficiency, and sustainability, ensuring that our customers have access to the most advanced technology that enhances productivity while minimizing environmental impact. Whether for home backup or large-scale power projects, we are committed to delivering the right generator solutions with expertise and reliability.

UPS

Generator, Solar power and UPS

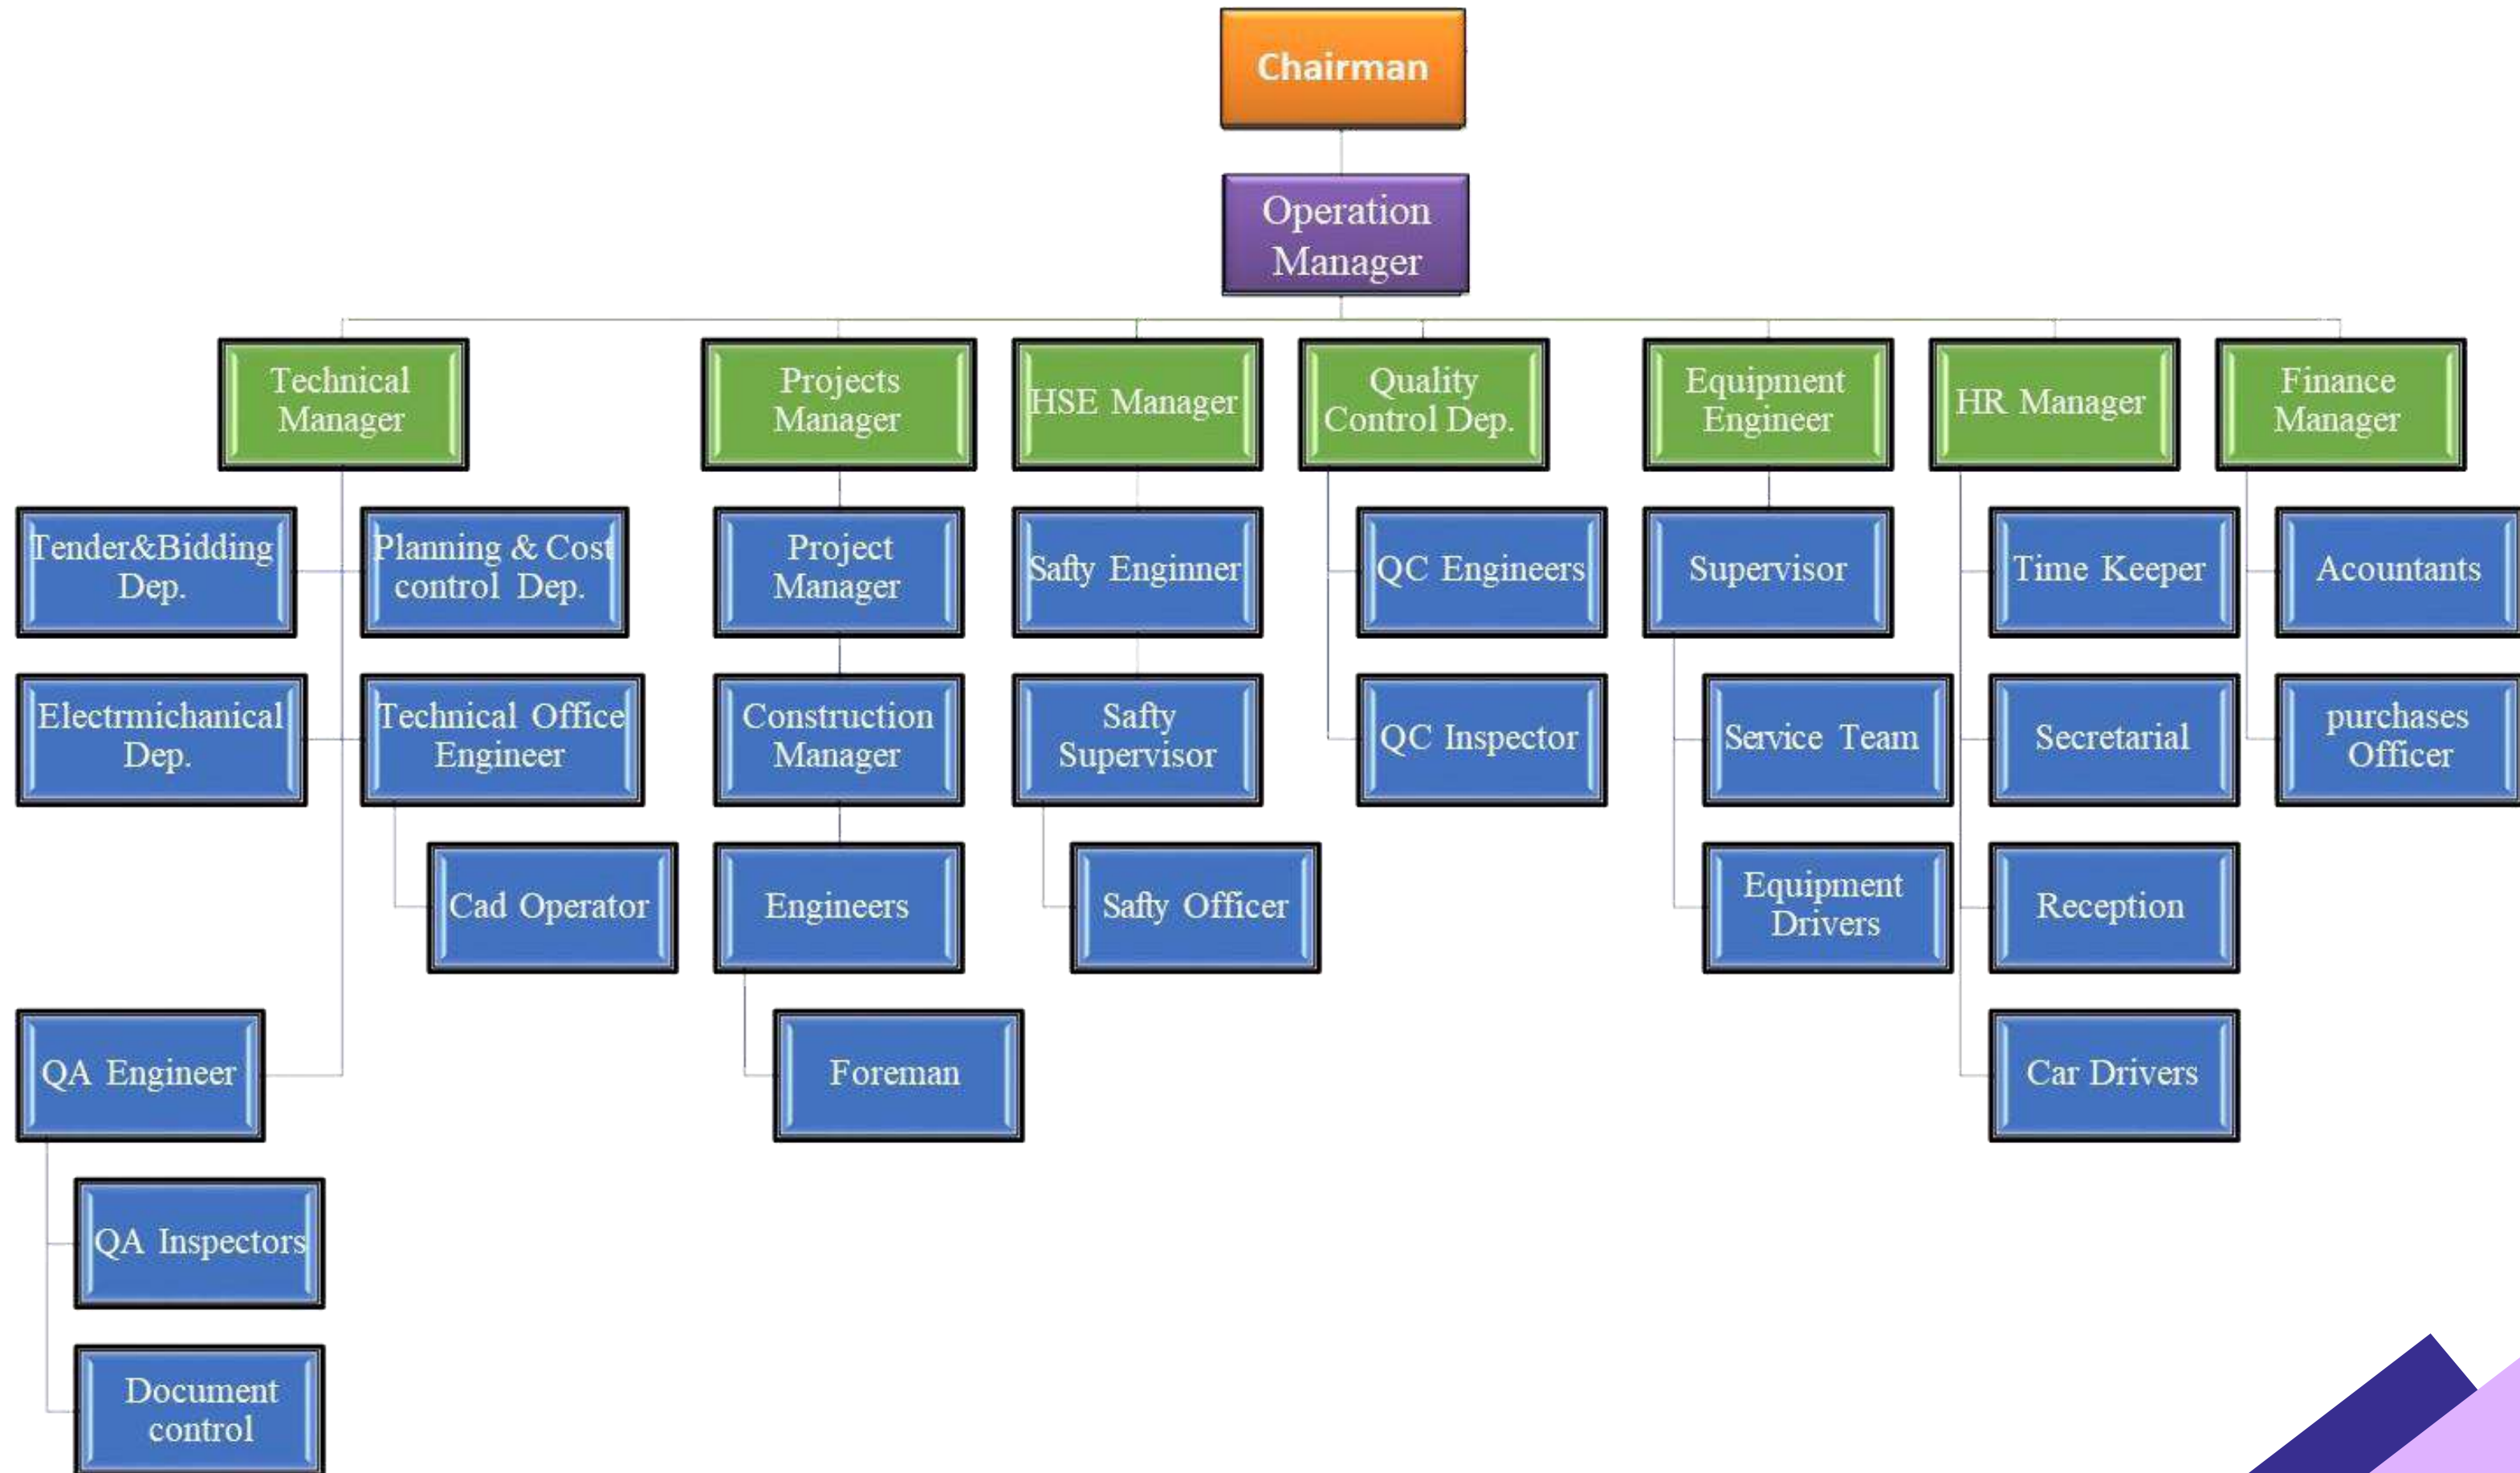

Remote power solution up to 5 Mega volt

A remote power solution capable of delivering up to 5 megavolts typically involves advanced energy generation and distribution technologies tailored for off-grid or hard-to-reach locations. This could include a combination of renewable energy sources, such as solar panels or wind turbines, integrated with energy storage systems like batteries or flywheels to ensure reliability. Additionally, implementing smart grid technology and efficient power conversion systems allows for optimal energy management and distribution. Such solutions are crucial for supporting remote operations in industries like mining, construction, and telecommunications, while minimizing carbon footprints and ensuring energy availability.

Rental Service

Our generator rental service provides reliable, high-quality power solutions for a variety of needs, including construction sites, events, and emergency backup. With a diverse fleet of generators ranging in size and capacity, we ensure that you have the right equipment to meet your specific requirements. Our competitive pricing, flexible rental terms, and dedicated customer support make it easy for you to access power anytime, anywhere, while ensuring efficiency and reliability for your projects.

Water Dam Project

Madinah, KSA.

TUGCC Group is a construction and project management firm that specializes in various sectors, including residential, commercial, and infrastructure development. Known for its commitment to quality, efficiency, and sustainable practices, TUGCC often employs innovative technologies and methods to enhance project delivery. Their portfolio typically includes large-scale construction projects, and they aim to meet client needs while adhering to industry standards and regulations. For the latest updates or specific projects, it would be best to consult their official website or recent news releases.

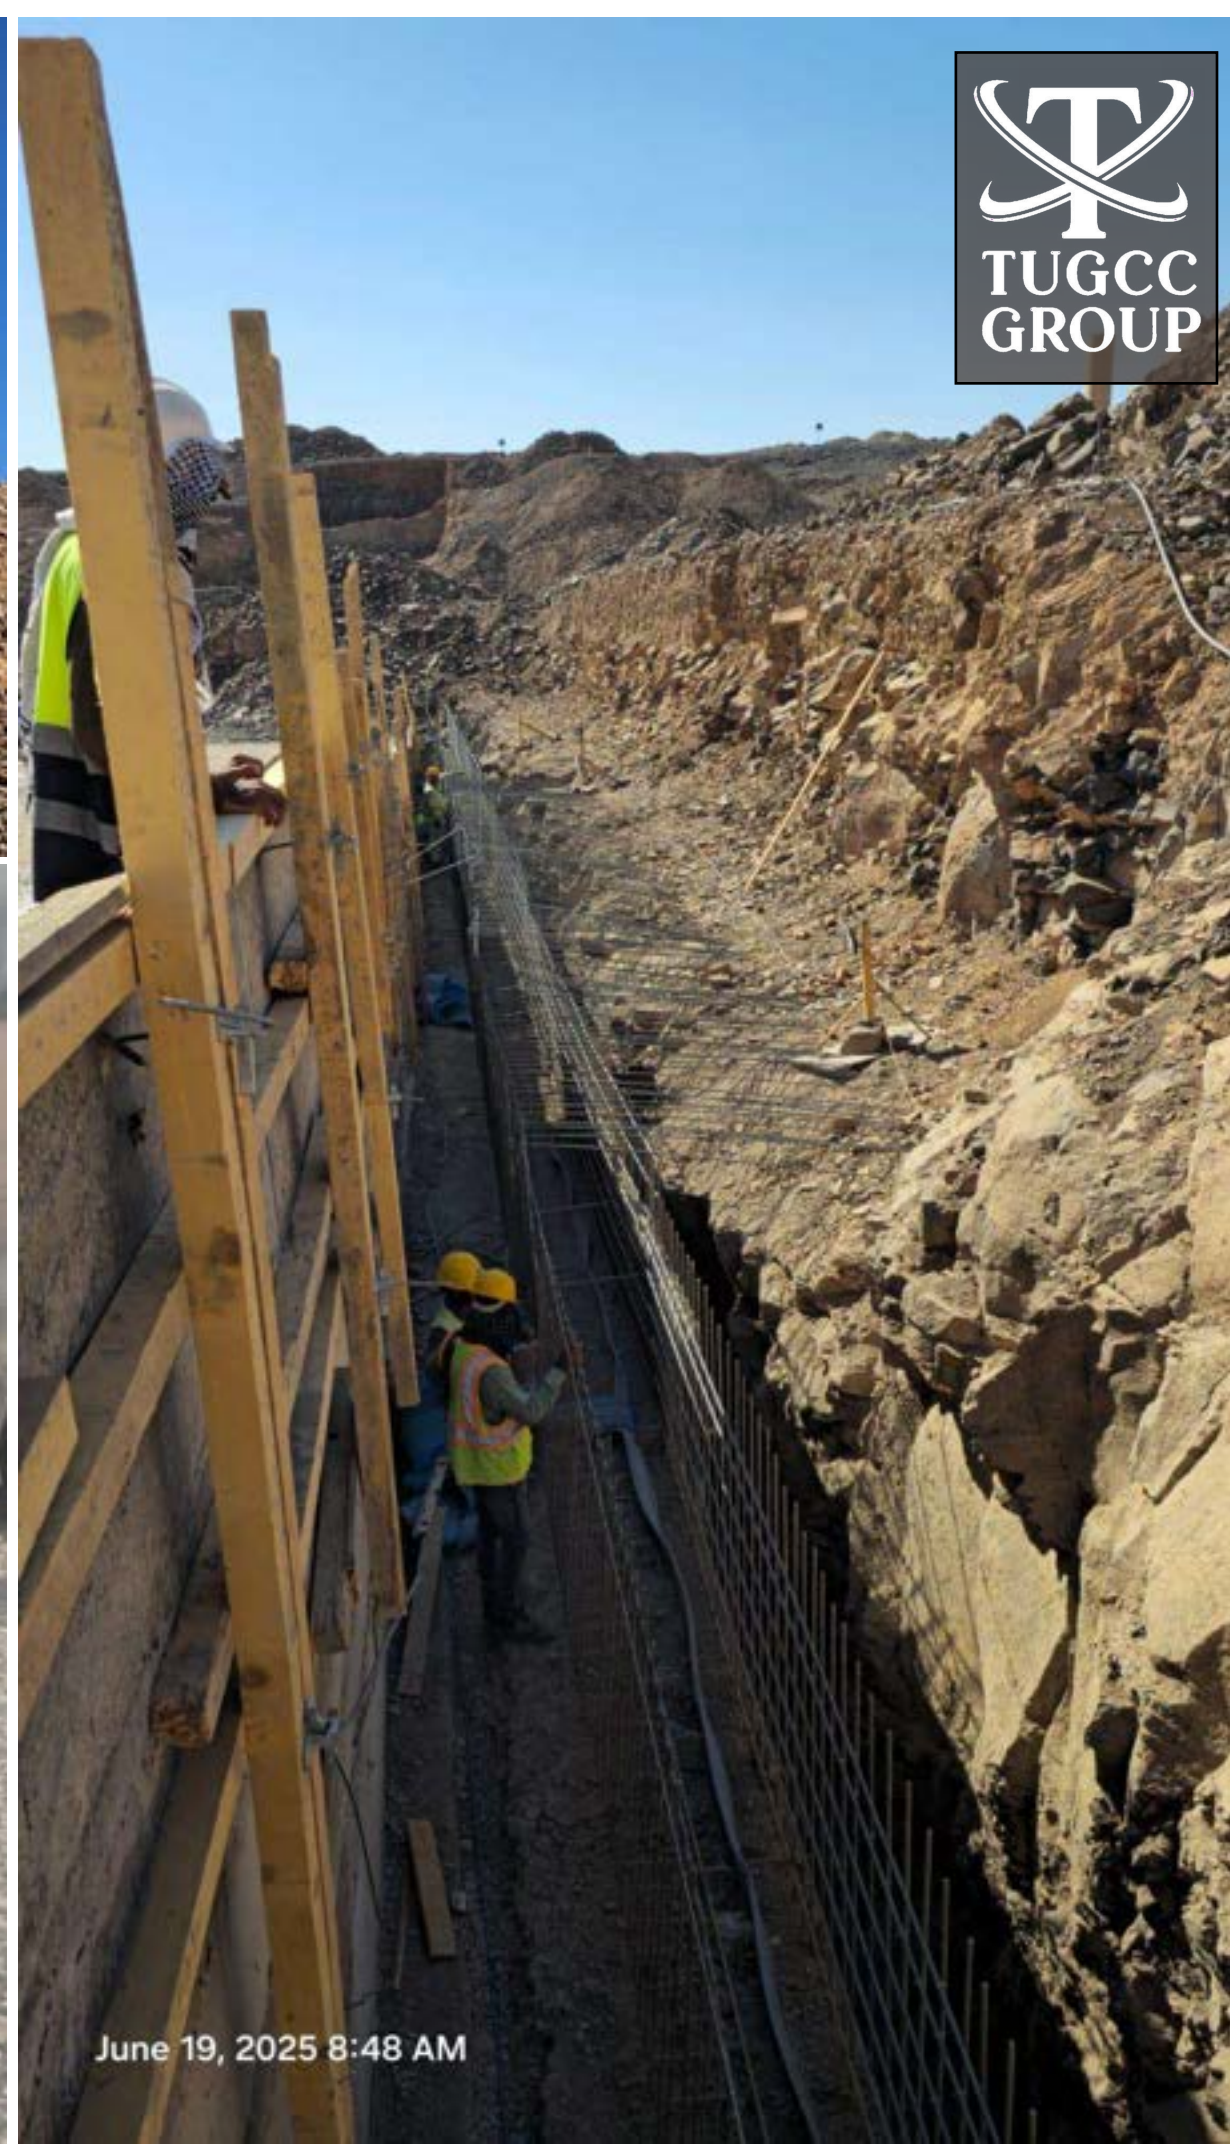

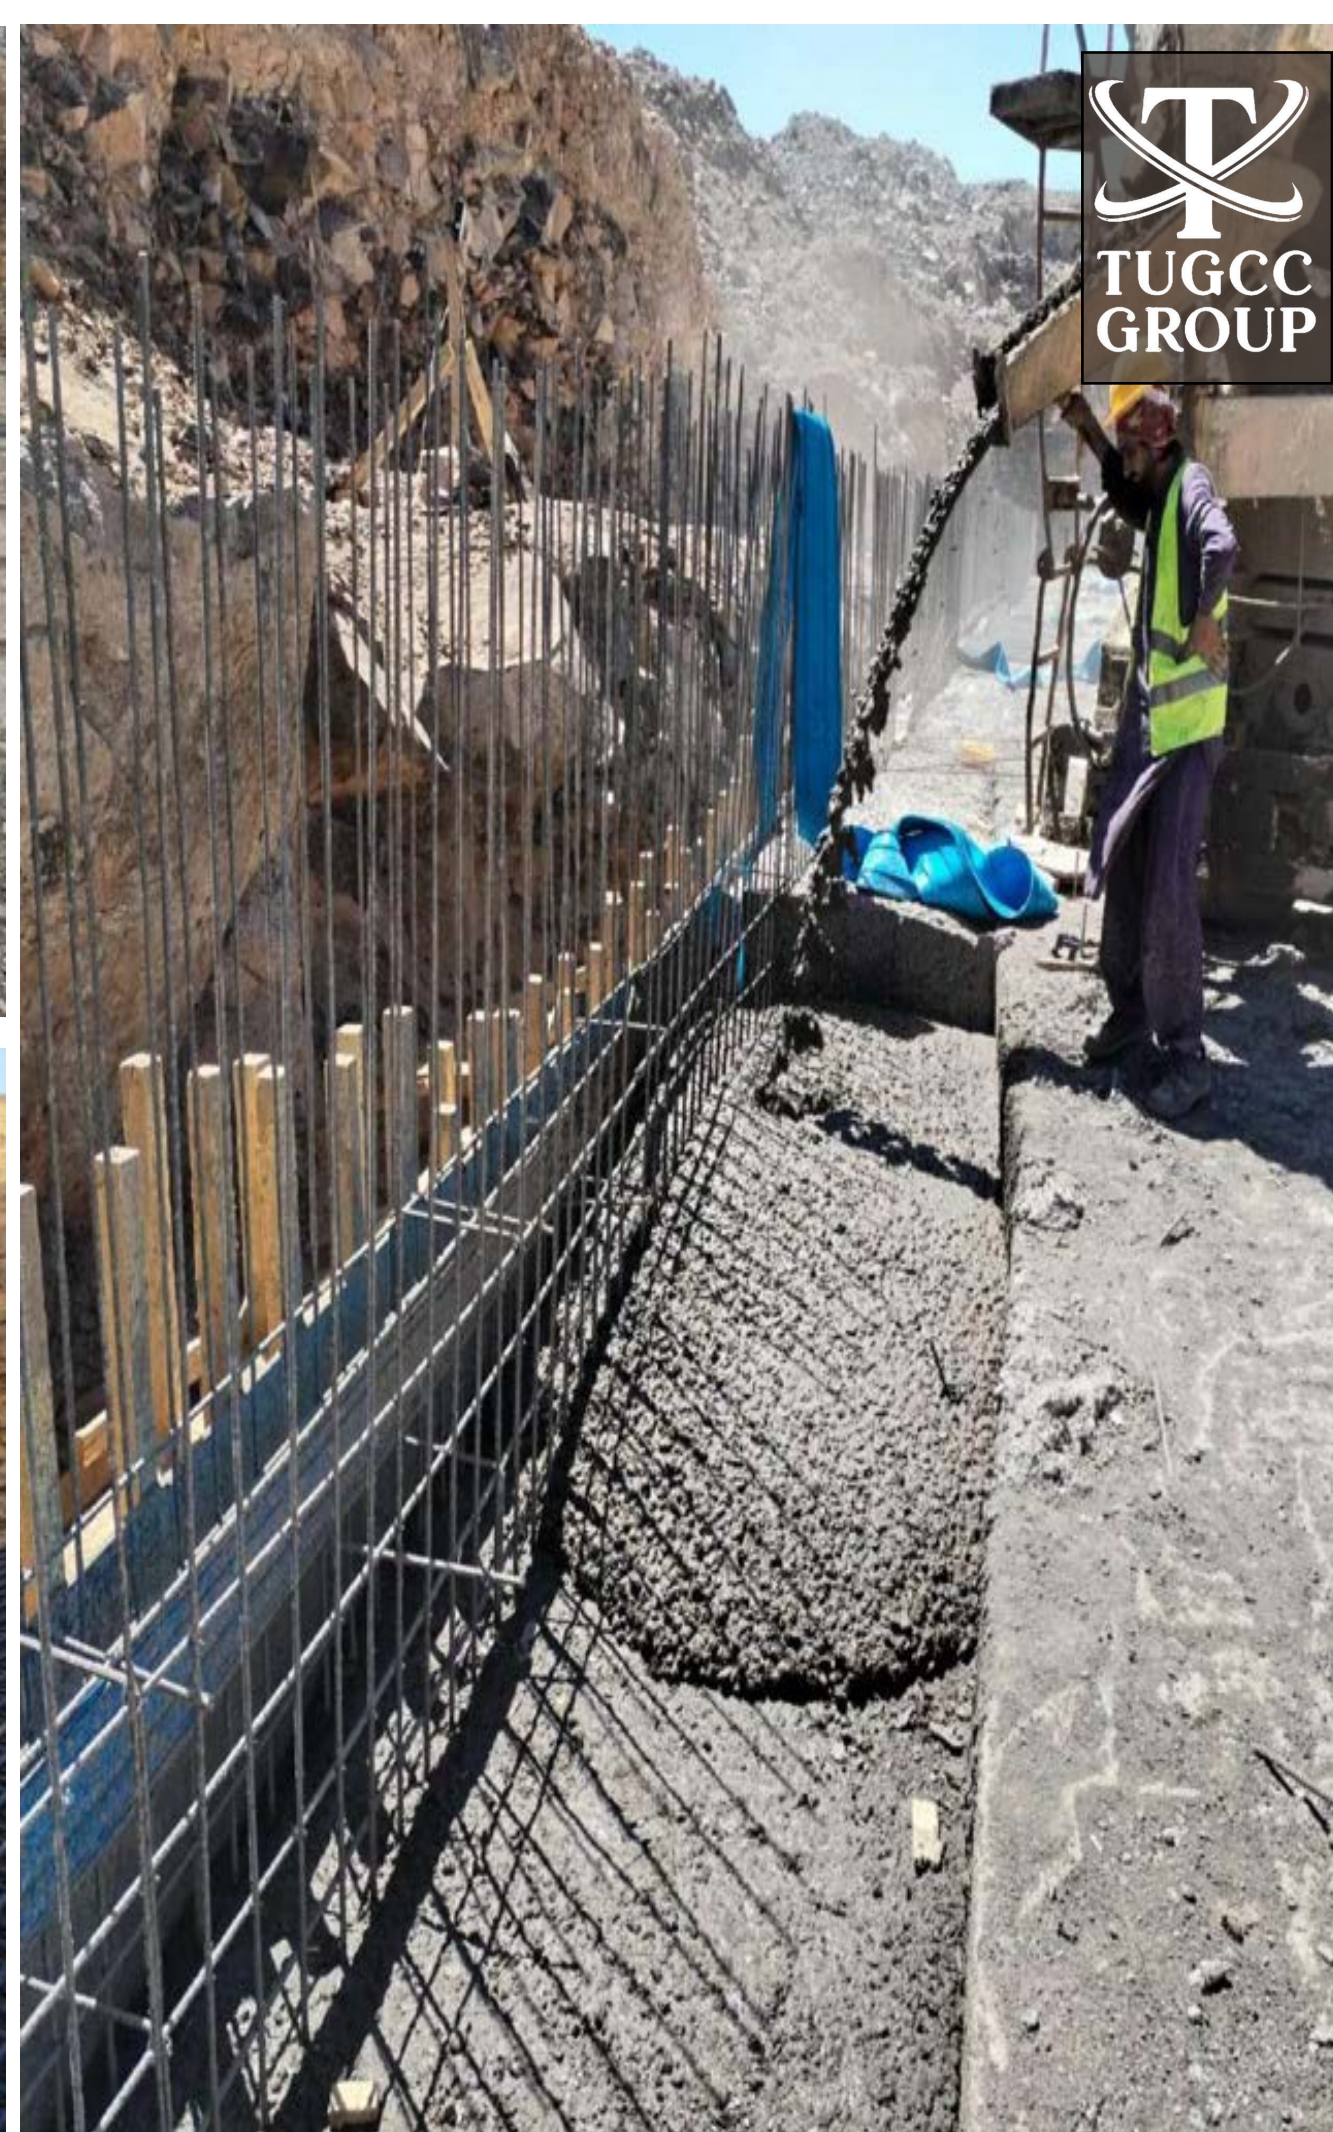

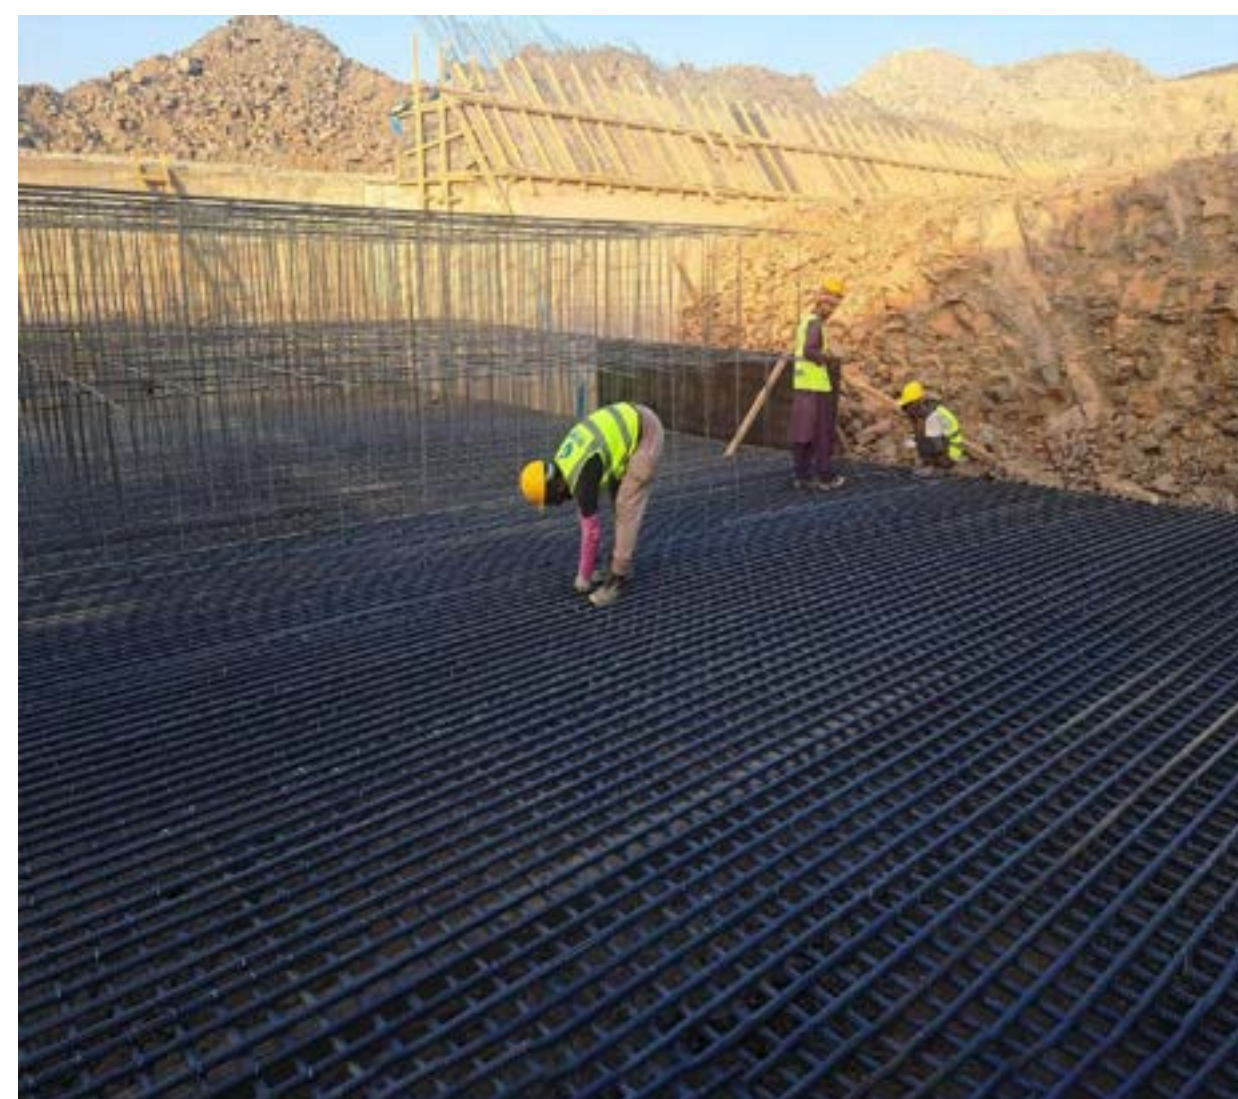

DAM CONSTRUCTION

The intersection of construction labor and engineering is crucial for the successful execution of construction projects. Engineers design and plan structures, ensuring they are safe, functional, and cost-effective, while construction laborers are responsible for the physical work of bringing those designs to life. Effective collaboration between engineers and laborers enhances project efficiency, with engineers providing clear instructions, and laborers offering practical feedback regarding feasibility and on-site challenges. This synergy not only improves productivity and quality but also fosters innovation in construction methods and materials, paving the way for sustainable building practices. Regular communication and training are essential to bridge the gap between theoretical design and practical implementation.
